

Tuscany[®] Series Vinyl Windows & Doors

Clearly the best.[®]

Elegant design. Endless possibilities.

Tuscany® Series vinyl windows and doors offer you endless possibilities no matter the style—or size—of your home project.

With equal sight lines and a frame shape that creates shadow lines, Tuscany Series vinyl windows are very much in the architectural styling of wood windows.

But because they are made from our own durable premium vinyl, Tuscany Series windows have superior performance and energy efficiency.

Tuscany Series windows and doors give you choices:

- A broad range of operating styles
- Custom sizes for any specification
- Unique shapes and limitless combinations
- Innovative features such as the SmartTouch® lock
- Multiple design options for grids, glass and colors

We chose these windows & sliding doors for efficiency in keeping the heat in and the cold out. They are as beautiful as they are functional. There were many styles to choose from as well as type. They are extremely easy to open and close. The product quality is superior and we expect to receive many great years using and looking at our new windows & doors.

Why Milgard?

Milgard is one of the largest and most trusted names in windows and doors. For the last 50 years, we've demonstrated our commitment to innovation, quality and service.

While our coverage is extensive, our service is local. Milgard has multiple locations throughout the Western U.S. Our belief is that by being close to our customers, we can provide them better service. This means faster lead and delivery time, as well as faster response to any warranty situations. We're there for you long after the job has been completed. Milgard also has a comprehensive network of qualified dealers and offers some of the best training in the industry.

Awards give you added assurances and Milgard has been named "Best Quality in the Nation" eight times and the nation's "Most Used Vinyl Window" four times by *Builder* magazine. Both *Professional Remodeler* and *Professional Builder* magazines have named us "Most Preferred Vinyl Window" three times.

Full Lifetime Warranty

Milgard Tuscany® Series vinyl windows and doors are designed and assembled in the U.S.A. and we build them to last. With the dedication to quality that we put into building the best windows in the business, it wouldn't make sense to back them with anything but the best warranty in the business. That's why we back every properly installed window and door for as long as the homeowner owns their home—including parts and labor. Tuscany Series windows and doors also come standard with Glass Breakage Coverage. It's why you can be sure you won't find any windows better than Milgard. Windows and Doors for the Energy-Conscious Homeowner

At Milgard, we help homeowners make an impact on their energy consumption through our energy-efficient windows and patio doors. Leaky and inefficient windows, skylights and doors account for poor insulation and higher energy usage in households. Energy loss can happen in two ways and a lot depends on where you live:

- Cold climates lose energy in the form of heat
- Hot climates lose energy in the form of cooling

Tested and Built for Your Climate

All Milgard windows and patio doors are designed to meet tough thermal and solar requirements of state and local jurisdictions. We conduct thermal simulations to improve energy performance in our windows and patio doors so our consumers can enjoy a more comfortable home. We make it easy to meet local energy codes and green building efficiency standards with a selection of performance enhancing features. In fact, Milgard has options available to tailor the components of windows and doors to specific climates—perfectly matching the product to your region's energy needs.

Milgard adheres to ENERGY STAR® v6 requirements to meet or exceed U-Factor and Solar Heat Gain Coefficient (SHGC) criteria for the zones shown.

Milgard also offers high energy performance options for the ultimate in energy efficiency.

Zone	U-Factor	SHGC	Your energy efficient windows could include one or more of the following features based on your climate.
ENERGY STAR v5 Northern*	0.3	-	SunCoat® or SunCoatMAX®
ENERGY STAR v6 North-Central	0.3	0.4	EdgeGardMAX®
ENERGY STAR v6 South-Central	0.3	0.25	Argon or Krypton

Review from milgard.com -

Now I happily sit at my office with the window shades fully open and feel absolutely no temperature difference when the sun shines directly on me. They look great, open and close super-easily and really help out with the power bill. I would recommend Milgard to everybody looking to buy windows.
